सुहृदं सर्वभूतानाम्

Atmiya University is a private multi-disciplinary university committed to foster knowledge creation and dissemination in various disciplines through value based education. With an academic journey of **30+ years**, in 2018, various erstwhile institutions functional under the Atmiya Group of Institutions were brought under the umbrella of Atmiya University. The University is established under Gujarat State Private University Act 11 and is duly recognised by the University Grants Commission (UGC). Various programs at the University are approved by concerned national regulatory bodies like AICTE and PCI.

The motto of the University is **सुहृदं सर्वभूतानाम् (suhradam sarva-bhutanam)** which means well-wisher of all living beings. Under the divine blessing of H.D.H Shree Hariprasad Swamiji Maharaj, the spiritual leader and mentorship of P.P. Tyagvallah Swamiji, the President of Atmiya University, the University is making great efforts to spread essence of **Atmiyata (Spiritual Harmony)** through education.

The University is located in the heart of Rajkot city, the education and economic hub of the Saurashtra region (South-west part of the State of Gujarat, India). The campus spreads across the sprawling **lush green 23+ acres of land** with **state-of-the art infrastructure**, adequate support facilities and excellent landscaping.

Atmiya University has been a leader in introducing and adopting innovative practices in education. Its approach of **transformative learning** helps in overall development of global citizens of tomorrow. Innovation, multi-disciplinary approach, outcome based learning along with sound student-mentoring ecosystem are some of the distinct features which makes learning at Atmiya University a unique experience.

Value based education is at the core at the University. Along with the professional skills in various domains of higher education, the education model at the University equally focuses on showing the path to enshrine **Life Skills (Jeevan Vidya – Human Values)** and global sustainability among students. The University is committed to offer one of the most stimulating environment in the pursuit of transformative education by inculcating blend of research and innovation in the creative minds of the youth and for living life to the fullest.

As **a multi-disciplinary university**, Atmiya University offers diploma, undergraduate, postgraduate, postgraduate diploma and doctoral programs in areas such as Engineering & Technology, Science, Business & Commerce, Health Sciences / Pharmaceutical Sciences in place of Paramedical sciences and Humanities & Social sciences.

Sarvodaya Kelavani Samaj Trust

The Sponsoring Body – Yogidham Gurukul

The academic facilities in the Saurashtra and Kutch region of Gujarat state were sparse which persuaded **Sarvodaya Kelavani Samaj Trust** with righteous endeavours to conceptualize the academic institutions that match the Global Academic Standards.

Sarvodaya Kelavani Samaj Trust has invested its vast resources in optimal planning, executing & strengthening the best of infrastructural learning facilities in its schools, colleges & university located in Rajkot – the centre of Saurashtra region of Gujarat state.

Yogidham Gurukul – a 21st century spirituo-educational commune spreads over 23+ acres of land. It houses educational facilities ranging from KG to PG as well as Research in the contemporary areas of Science, Pharmacy, Technology and Management. The Campus has attained eminence above every seat of learning and won the praises of the academicians, patrons, philanthropists, bureaucrats, elected representatives of the state and men of wisdom from different beliefs by virtue of its antiquity, curriculum, doctrine and privileges.

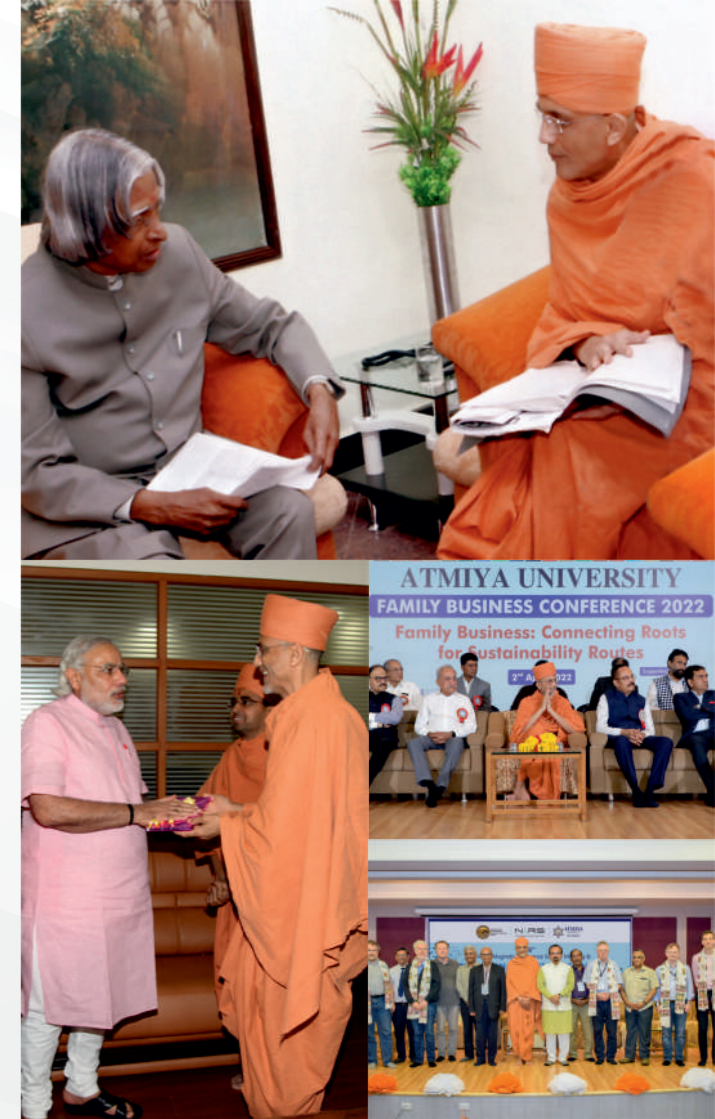

‘The commune’, voices **Hon. Venkata Chaliah, Hon. Former Chief Justice of India**, ‘is synonymous to an Ashram set up with a sole endeavour of developing the students intellectually, socially, emotionally and most important spiritually.

Yogidham Gurukul ensures and instill Human Values in each stakeholder through its Forum of Universal Human Values.’

‘This process of imparting self-knowledge’ articulated by **Hon. Former President Dr. A.P.J. Abdul Kalam**, ‘would promote a learning atmosphere, where this whole movement of inquiry into knowledge, into oneself, into the possibility of something beyond knowledge would bring about naturally a psychological revolution.’

The symphony of teaching-learning at Yogidham Gurukul have attained the National and state laurels under the blessings of **H.D.H. Shree Hariprasad Swamiji Maharaj** and visionary leadership of **P.P. Tyagvallabh Swamiji** – President, Atmiya University. The synthesis of Values, Science, Spirituality and Technology is a feature of **Yogidham Gurukul** that sets it apart, as an ‘organization with a difference’, and as an ‘organization that makes a difference’.

Holistic Education in the Ambience of Divinity

Brahmswaroop H.D.H. Shree Hariprasad Swamiji Maharaj

Inspirer – Founder – Yogi Divine Society, Haridham, Sokhada

Education with fragrance of humanity, divinity and amity can plant truthfulness, righteousness, selflessness, forgiveness and faith in oneself; to reap trust, greatness, harmony and reconciliation. Thus, one can be free from feelings like hatred, ego, envy & obstinacy to get real success in life. That is called true 'ATMIYATA' (spiritual harmony), which is just the other way to foster the principle of 'SAMP', 'SUHRADBHAV' and 'EKTA'.

By the grace of Lord Swaminarayan, we have developed such pattern of education at Atmiya University–Rajkot, where state of the art learning resources with divine touch of 'Atmiyata' nurture every individual in unique way to realize one's dream to become an 'ideal human being'!

Guruhari Yogiji Maharaj, as the fourth heir in the tradition of Gunatit Saints, was the epitome of saintliness. He created a Commune of educated "Sadhus" and put forth a mission – "My heart is all for the Youth". His compassionate love was expressed through his special interest in channelizing the Youth towards a life of righteous conduct and spirituality.

YOGIDHAM is a unique Educational Gurukul blessed with the divinity of Lord Swaminarayan and the spiritual principles of Guruhari Yogiji Maharaj. The environment of this educational center provides spiritual nourishment that reinforces the rich cultural and spiritual traditions of Indian culture. Here, the focus is to inculcate the fundamental values of morality and ethics along with the basic aim of imparting quality education; thereby we seek to build characters that will be recognized for their positive attitude, discipline, determination and integrity of character. These individuals will be the pride of their families, society and nation.

With sincere prayers and blessings for you all to be able to experience and enjoy real peace, bliss and happiness.

H.D.H. Shree Premswaroop Swamiji Maharaj

President – Sarvodaya Kelavani Samaj, Rajkot

"Atmiya"—a word that embodies the profound essence of living with the awareness of truth, harmony, and spiritual reality. It is not merely a name; it is a way of life, a call to walk the path of Atmiyata—oneness, compassion, and conscious living.

Atmiya University stands on the sacred soil of Yogidham Gurukul, inspired by the divine life and teachings of Brahmaswarup Yogiji Maharaj. His embodiment of love and spiritual wisdom was further envisioned into the mission of Atmiyata by Brahmswarup Hariprasad Swamiji Maharaj, the revered founder of Yogi Divine Society. This mission continues to guide us in shaping lives rooted in values, discipline, and purposeful living.

In ancient times, seekers would journey to gurukuls to receive not only education, but the wisdom to live a meaningful life. Atmiya University is that modern-day gurukul, where we impart knowledge of dharma and the art of living harmoniously, along with the latest skills, sciences, and technologies necessary for sustainable development and the upliftment of society. True education, we believe, must translate into the betterment of humanity. It must promote sustainability, uplift the underprivileged, and generate solutions that are economically viable and ecologically responsible. The fruits of your learning should benefit the masses and preserve the delicate balance of life on Earth.

We recognize that the family is our first foundation—our strength, our refuge, and our responsibility. As we grow, so must our gratitude and support for our families. Strong families build safe, value-driven communities, which in turn nurture a progressive nation—one that can think globally and act responsibly for the planet.

Today, our world faces unprecedented challenges—war, environmental degradation, inequality, mistrust, and a deepening loss of humanity. In such times, education must become a force of healing. At Atmiya University, our approach is deeply rooted in humanity, harmony, and sustainability, woven together with the transformative power of science, technology, and spiritual insight. To all the seekers, learners, and future leaders—I invite you to be part of this transformative journey. Let us together strive to become enlightened individuals who not only succeed in life but also serve as responsible global citizens, living with dignity, awareness, and a commitment to the greater good.

May your journey at Atmiya be a sacred one—where knowledge meets wisdom, and learning leads to inner awakening.

P. P. Tyagvallabh Swamiji

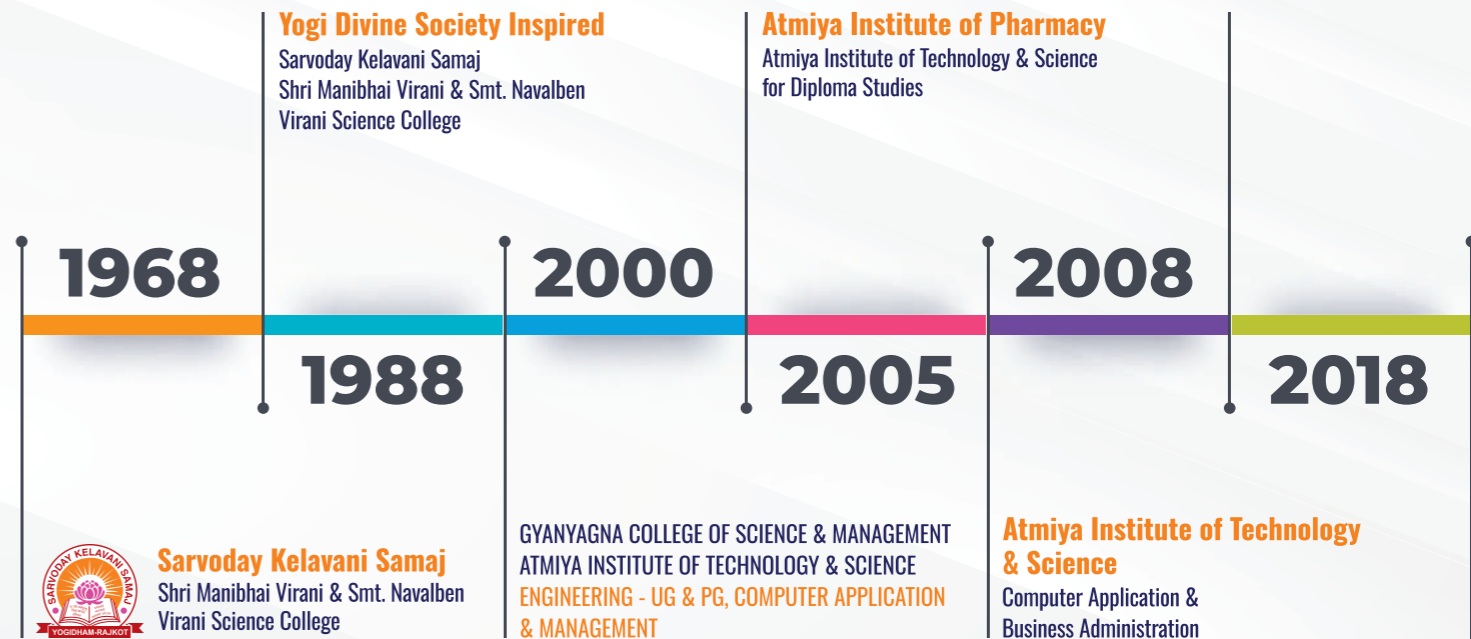

Founder President – Atmiya University, Rajkot
Secretary – Sarvodaya Kelavani Samaj, Rajkot

“GURU” is a teacher who steers “SHISHYA’s” life; He is a spiritual mentor who leads the Shishya (learner) from darkness and ignorance to wisdom, bliss and enlightenment. Guru-Shishya parampara has been an inevitable component of education since ages. It has amalgamated the convention of a living and learning correlation, involving Guru and Shishya, and has been signifying the emotional, intellectual and spiritual bond between them. We strongly believe in GURU SHISHYA PARAMPARA since it has nurtured a dream of molding the future citizens of our motherland by equipping them with the latest and the best knowledge in the ambience of a GURUKUL. This is the sole endeavor of setting up YOGIDHAM GURUKUL which is analogous to “ASHRAM”. Here immense care is taken to ensure the emotional, intellectual and spiritual development of students in tune with revered GURU and SAINT.

‘Journey of thousand miles begins with a firm step’. This proverb should be expanded by adding three words, ‘in right direction’! Under the auspices of H.D.H. Hariprasad Swamiji Maharaj – Imbibing the essence of Atmiyata – a feeling of relationship and responsibility for humanity and nature at large is the essence in the motto – “सुहृदं सर्वभूतानाम्” of the newly formed Atmiya University. As it is this very understanding of relatedness with everyone and everything that surrounds you, makes you a “Responsible” human being and “Ethical” in your way of living.

Education is a medium and channel through which we can inculcate through creating the ecosystem in the form of “Sanskar” and facilitating the understanding about the clarity of purpose of life, the aspirations of human being, values for sustained relationships with mutual happiness as a goal, skills to produce basic needs for humans leading to prosperity and mutual enrichment with nature – eventually living in harmony and working with ethics with both humans and nature at large. That makes it ‘Universal’ in true sense!

It will definitely be instrumental in blossoming enlighten souls and visionary leaders for creation of harmonious humane society!

ATMIYA UNIVERSITY
RAJKOT, GUJARAT - INDIA

ACCREDITED

TO NURTURE CREATIVE THINKERS AND LEADERS THROUGH TRANSFORMATIVE LEARNING

- Transformative learning:** Blend domain knowledge with wisdom.
- Research-focused:** Industry-relevant teaching and learning.
- Societal impact:** Participation, innovation, creativity and entrepreneurship.

CENTER FOR UNIVERSAL HUMAN VALUE EDUCATION

The purpose of UHVE is to broaden individuals' minds and develop critical thinking abilities, so one can live a self-aware life with the ability to address multiple dimensions of human living viz. material, ecological, behavioural, social, intellectual & spiritual. These dimensions have an impact not only on an individual's life, but also on their family, society, nation and inter-nation relations. This understanding ultimately develops a sense of humane global citizenship and fosters a sense of unity among the diversity.

In other words, UHV can lead to knowledge, wisdom, awareness, humanness, peace and foster an Undivided human society, Balance in nature and a Universal human order. This 'understanding' enables the formation of a vision for Humane education, Humane conduct, and Humanistic constitution. UHV based education model proposes humanization of education.

President of Atmiya University P. P. Tyagvallabh Swamiji along with senior administrators and faculty members initially went through number of shivir & training programs on Universal Human Values which profounded the vision of Universal Human Value Education (UHVE). Following to this UHVE has been integrated in the mainstream education at the university through academic & other interventions.

16

Harmonious Human Living

Human living can be seen as encompassing the 4 levels viz., Individual, Family, Society & Nature Existence. On self-investigation one wants to be in Harmony at all 4 levels of living:

Value Education for Consciousness Development

Education should enable understanding of individual, family, society, and nature's interconnected needs and fulfill them. This fosters mental well-being, harmonious relationships, and material fulfillment, leading to a qualitative human transformation. This aligns with Atmiya University's vision and aids in evolving human consciousness. The title "Value Education for Consciousness Development (VECD)" reflects this approach, emphasizing the creation of an educational environment that shapes individuals accordingly.

Qualities as Outcome:

- Self confidence
- Respect excellence in other humans
- Sociable Behavior
- Balance in talent & personality
- Self- sufficient in occupation

Activities

- Credit Course in UG & PG
- Parichay & Adhyayan Shivirs
- Community engagements
- FDPs
- Swavlamban Shiksha
- Family Gosthi
- 6 Months Deep Adhyayan Session
- Conferences

CAREER ACCELERATION PROGRAM

Globally, the importance of learning 21st century skills and practices is much talked about. 21st century skills represents a reconceptualization of the traditional professional skills in accordance with the culture and workplace characterized by technological changes and globalizations. These can be broadly categorised into skills involving thinking, working with others, use of tools, and life skills. Student targeting employment, startup, entrepreneurship or any other career path are expected to have strong foundation of these skills along with the domain knowledge.

Career Acceleration Program (CAP) is a well curated program that spreads across the semesters targeting development of 21st century skills. It is fully activity based program designed using inquiry-oriented pedagogy

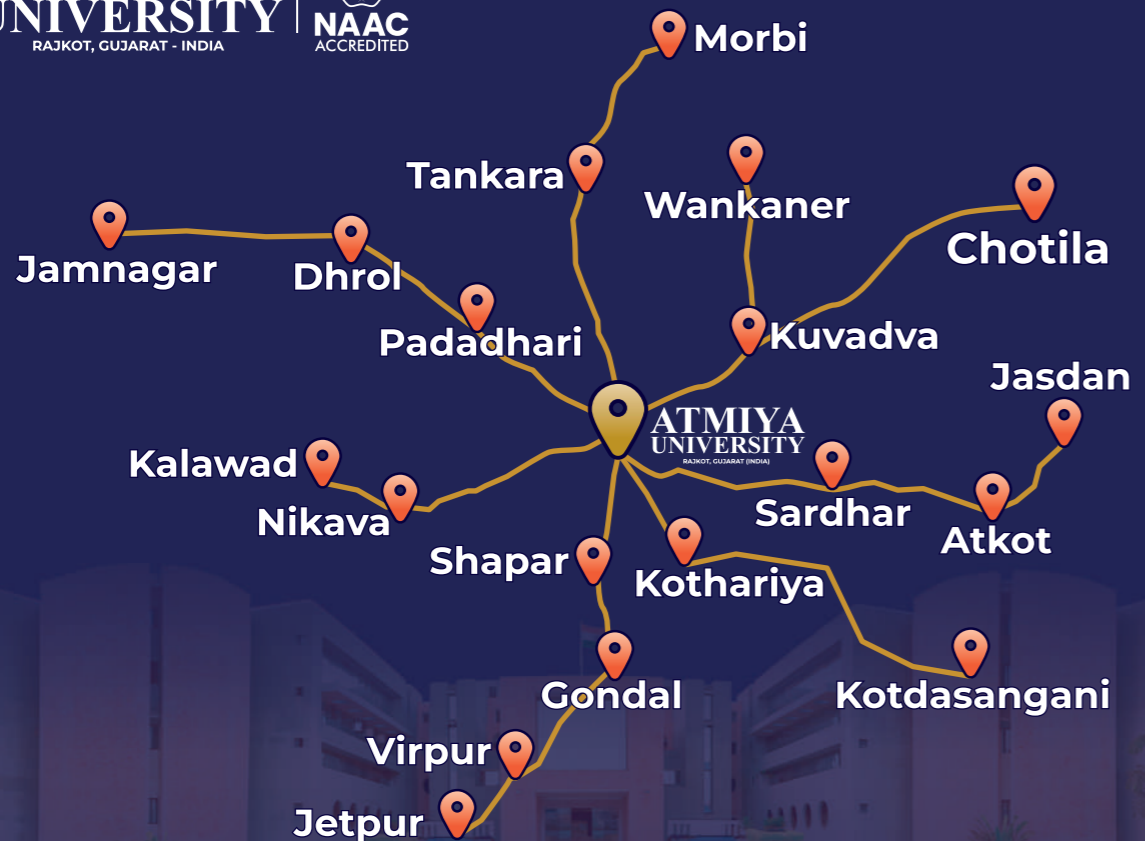

- Customised as per the need of discipline
- Focussed on building actual competencies
- Experienced & committed team of faculty members

- Technology based pedagogy
- Emphasis on self-exploration
- Designed with help of industry professionals & trainers

STUDENTS' PLACEMENT TESTIMONIALS

Sanket A. Ramanuj

MBA (HR)

Atmiya University provided excellent guidance through training programs, industry workshops, and continuous mentorship. The Placement Cell played a crucial role in preparing me for the recruitment process. I am grateful for the university's strong support system that helped me achieve this milestone.

Shivani Thakar

B.Pharm.

I am thankful to the Training & Placement Department and Health Sciences faculty for their constant support. The placement opportunity at Zydus gave me hands-on experience in Quality Control processes. The guidance and mentorship at Atmiya University helped me build a strong foundation for my pharmaceutical career.

Prashant Bathvar

B.Tech Electrical Engineering

Atmiya University and the Placement Cell provided excellent support throughout the recruitment process. The placement drive was well-organized and helped me secure a great opportunity with BKT Tyres. I am grateful for the guidance that helped me start my professional journey.

Yashvi Vachhani

B.Tech Computer Engineering

Atmiya University offers quality education, experienced faculty, and a strong focus on practical learning. The university's industry-oriented training and placement support helped me secure a promising career opportunity. The learning environment truly prepares students for professional success.

Jaydip Chadotra

B.Sc Information Technology

I sincerely thank the Training & Placement Department and IT faculty for their constant support and mentorship. Their guidance helped me secure a role as a Flutter Developer at White Label Fox. The practical learning and career preparation at Atmiya University played a key role in my success.

Darshan Parmar

B.Tech Mechanical Engineering

Atmiya University provided a strong academic environment and excellent placement support. The Career Acceleration Program (CAP) helped me enhance my technical and interview skills. I am grateful to the faculty and Placement Department for guiding me toward this opportunity.

Parmar Gauratan

B.Tech Civil Engineering

My journey at Atmiya University was truly enriching. The university provides excellent infrastructure, modern laboratories, and a strong academic environment. The Training & Placement Cell actively organizes job opportunities that help students start their careers.

Rajdeep Joshi

BCA

My journey at Atmiya University provided strong academic learning and industry exposure. The Training & Placement Cell supported us through workshops, mock interviews, and career guidance. This preparation helped me successfully begin my professional career.

Daya Vasani

B.Sc Chemistry

Atmiya University focuses on academic excellence, practical learning, and overall student development. The placement support provided by the university helped me begin my career in the research field. I am thankful for the opportunities and guidance I received during my studies.

Prayagraj Rajyaguru

B.Tech Information Technology

I am deeply grateful to the Placement Cell and faculty for their continuous support and mentorship. Their guidance in resume building and interview preparation helped me secure this opportunity. Atmiya University played a vital role in shaping my career.

Radhika Parmar

MSc Information Technology

Atmiya University offers diverse programs with a strong emphasis on innovation, research, and skill development. The excellent infrastructure and placement support help students secure opportunities with leading companies. The university truly prepares students for successful careers.

Ankit Kamani

B.Tech Computer Engineering

The training programs, industry workshops, and mentorship at Atmiya University helped me prepare for the corporate world. The Placement Cell's dedication played a key role in my successful placement. I am thankful for the guidance throughout my journey.

Rahul Kanjariya

MCA

Atmiya University provided a supportive academic environment with excellent laboratories and learning resources. The faculty and Placement Cell continuously guided students toward career opportunities. I am proud to have been a part of this institution.

Diya Changani

B.Tech Information Technology

My experience at Atmiya University was very positive, with supportive faculty and strong academic guidance. The Placement Cell helped us prepare for the job market through mock interviews and career counselling. This support played a key role in my placement.

Misha Hindocha

BBA

I sincerely thank the Training & Placement Department for their guidance throughout the recruitment process. Career counselling, resume-building sessions, and interview preparation played a vital role in my success. Atmiya University truly prepares students for the corporate world.

Chintan Fulatriya

MSc Chemistry

I am grateful to the Chemistry Department and Placement Cell for their constant support and mentorship. Their guidance helped me begin my career in the pharmaceutical industry. The experience at Atmiya University built a strong foundation for my future.

Pratik Kochara

B.Tech Electrical Engineering

The Electrical Engineering Department and Placement Cell provided excellent academic and career guidance. The faculty kept us informed about placement opportunities and helped us prepare effectively. I am grateful for the support that helped me secure this opportunity.

Satin Sarvaiya

MSc Industrial Chemistry

The Industrial Chemistry Department and Placement Cell provided continuous guidance throughout my academic journey. Their support helped me secure an opportunity with Reliance Industries. I am thankful to Atmiya University for shaping my professional career.

Deep Sanghani

I-MBA

The Placement Cell provided continuous support through mock interviews and training sessions. Their guidance helped me secure a role at City Union Bank. I am proud to be an Atmiyan and grateful for the knowledge and confidence gained here.

Suchit Rupani

MSc Biotechnology

Atmiya University provided strong academic learning and industry exposure. The Placement Cell's training programs and mock interviews helped me prepare for the job market. I am grateful for the opportunity to start my career with Lupin Pharma.

Akshi Sojitra

MSc Microbiology

My journey at Atmiya University was enriching and career-focused. The academic learning and campus placement opportunities helped me secure a role at Amneal Pharmaceuticals. I am thankful to the university for shaping my professional path.
