With the blessings and vision of P.P. Tyagvallabh swamiji, support and encouragement of Head of Department Asst. Prof. Dharmesh Pandya we, at Atmiya University, Rajkot, Gujarat had arranged an expert session on **‘What Industry Needs in Present Scenario’** on 7<sup>th</sup> September, 2022. Mr. Shyam Sundar Barik (Maintenance Manager, Tirath Agro), delivered the session effectively.

## **Objectives**

- **Bridging the Skill Gap:** Help students understand the gap between academic learning and the practical skills required by industries.
- **Awareness of Industry Trends:** Provide insights into emerging trends in the industrial sector, including automation, digitalization, and green energy practices.
- **Enhancing Employability:** Guide students on how to develop technical, managerial, and soft skills to meet employer expectations.
- **Problem-Solving Approach:** Emphasize the importance of creative thinking, innovation, and troubleshooting abilities in real-world situations.
- **Focus on Practical Learning:** Encourage students to participate in internships, workshops, and live projects to gain hands-on experience.
- **Importance of Lifelong Learning:** Stress the need for continuous upskilling and staying updated with evolving technologies and tools.
- **Collaboration with Industry Experts:** Highlight the role of industry-academia collaborations in nurturing talent and creating job-ready graduates.
- **Professional Ethics and Work Culture:** Educate students about corporate ethics, discipline, and the importance of maintaining a positive work attitude.

## **Key Takeaways from the Seminar:**

- **Adaptability:** Industries seek employees who can quickly adapt to new environments and technologies.
- **Practical Skills:** Theoretical knowledge must be complemented with hands-on skills in problem-solving.
- **Communication & Teamwork:** Good interpersonal skills are critical in a collaborative working environment.
- **Continuous Learning:** With evolving technologies, lifelong learning is essential for professional growth.
- **Industry-Academia Collaboration:** Universities and industries must collaborate to align education with real-world practices.

## **Conclusion:**

The seminar was an eye-opener for students, helping them realize the importance of skill development beyond classroom learning. It stressed the need for adaptability, teamwork, and continuous improvement to thrive in the competitive job market.
