## ABOUT DEPARTMENT

Established in 1968, the Department of Chemistry holds the distinction of being the first and most venerable academic department at Atmiya Group of Institutes. Over the years, the department has cultivated a reputation for its seamless integration of education, research, and innovation. Currently, the Department of Chemistry offers undergraduate, postgraduate, and doctoral programs in chemistry. The department boasts state-of-the-art laboratories and well-equipped classroom facilities furnished with modern teaching and learning tools. The Department of Chemistry has adequate and competent faculty members having diverse teaching and research experience with exposure from national and international institutes. The Department has established functional Memorandum of Understanding (MOUs) with various academic, research, and industrial organizations to facilitate effective student training and placement.

## ABOUT WORKSHOP

Science is a dynamic and ever-evolving field, with continuous efforts of scientists, researchers, and academicians leading to new advances and discoveries in diverse fields around the world. Graduate and postgraduate students are well versed in theoretical knowledge about the sophisticated instrumentation, gaining an understanding of practical applications often requires insights from industry experts. In this context, professionals from the industrial sector will deliver informative talk on the uses of advanced instrumentation in various chemical industries. They will also shed light on the current market landscape and its significance in the fields of pharmaceuticals, biopharmaceuticals, oil, and agriculture. In addition to these insightful talks, students will have the opportunity to gain hands-on experience with relevant techniques, including UV, IR, HPLC, Flash, GC-MS, MP-AES, and pilot plant operation and maintenance. These techniques will enable qualitative and quantitative analysis of synthesized samples. Furthermore, this platform will provide a valuable networking opportunity, allowing students to connect with a diverse range of researchers, industry professionals, and academic experts who share common interests.
