**Message**

"GURU" is a teacher who steers "SHISHYA's" life; He is a spiritual mentor who leads the Shishya (learner) from darkness and ignorance to wisdom, bliss and enlightenment. Guru-Shishya parampara has been an inevitable component of education since ages. It has amalgamated the convention of a living and learning correlation, involving Guru and Shishya, and has been signifying the emotional, intellectual and spiritual bond between them. We strongly believe in GURU SHISHYA PARAMPARA since it has nurtured a dream of molding the future citizens of our motherland by equipping them with the latest and the best knowledge in the ambience of a GURUKUL. This is the sole endeavor of setting up YOGIDHAM GURUKUL which is analogous to "ASHRAM". Here immense care is taken to ensure the emotional, intellectual and spiritual development of students in tune with revered GURU and SAINT.

Education is a medium and channel through which we can inculcate through creating the ecosystem in the form of "Sanskar" and facilitating the understanding about the *clarity of purpose of life*, the aspirations of human being, values for sustained relationships with mutual happiness as a goal, skills to produce basic needs for humans leading to prosperity and mutual enrichment with nature – eventually living in harmony and working with ethics with both humans and nature at large. That makes it 'Universal' in true sense!

**It will definitely be instrumental in blossoming enlighten souls and visionary leaders for creation of harmonious humane society!**

**Escritoire**

Education with fragrance of humanity, divinity and amity can plant truthfulness, righteousness, selflessness, forgiveness and faith in oneself; to reap trust, greatness, harmony and reconciliation. Thus, one can be free from feelings like hatred, ego, envy & obstinacy to get real success in life. That is called true 'ATMIYATA' (spiritual harmony), which is just the other way to foster the principle of SAMP, SUHRAIBHAV and EKTA.

By the grace of Lord Swaminarayan, we have developed such pattern of education at Atmiya University-Rajkot, where state of the art learning resources with divine touch of Atmiyata nurture every individual in unique way to realize one’s dream to become an ‘ideal human being’!

**Guru Hariprasad Swamiji Maharaj**, as the fourth heir in the tradition of Gunatit Saints, was the epitome of saintliness. He created a Commune of educated “Sadhus” and put forth a mission – "My heart is all for the Youth". His compassionate love was expressed through his special interest in channelizing the Youth towards a life of righteous conduct and spirituality.

YOGIDHAM is a unique Educational Gurukul blessed with the divinity of Lord Swaminarayan and the spiritual principles of Guru Hariprasad Swamiji Maharaj. The environment of this educational center provides spiritual nourishment that reinforces the rich cultural and spiritual traditions of Indian culture. Here, the focus is to inculcate the fundamental values of morality and ethics along with the basic aim of imparting quality education; thereby we seek to build characters that will be recognized for their positive attitude, discipline, determination and integrity of character. These individuals will be the pride of their families, society and nation.

With sincere prayers and blessings for you all to be able to experience and enjoy real peace, bliss and happiness.

Recipient of Presidential Award
Value Education for Consciousness Development

Education is meant to enable understanding of the needs of the individual, family, society and nature and its interconnectedness. It is meant to instil the capability to fulfil all these needs. This leads to mental well being (Realization and understanding), harmony in relationships (with humane conduct) and material fulfilment (with physical work and sustainability) in each one of us. This can bring the qualitative transformation in a human being as per the vision of Atmiya University and can effectively help us evolve the human consciousness.

The role of education is thus to provide such a content, process and environment that can shape such an individual. Hence the title – Value education for consciousness development (VECD).

Qualities as Outcome:
- Self confidence
- Respect excellence in other humans
- Sociable Behavior
- Balance in talent & personality
- Self-sufficient in occupation
